

EXTERNAL CIRCLIP PLIERS WITH STRAIGHT JAWS Réf.: 9322100001

Characteristics

ERGONOMY: The pliers' geometry is designed to set up circlips with just one hand. The release spring on external circlip pliers makes the handling of circlips easier. The pliers are chrome plated and the arms are sheathed for a better grip.

JAWS PERFORMANCES: when handling, the outwards or inwards inclination of the jaws avoids the circlips to slide. To increase their resistance, the jaws are hardened by induction. The jaws' diameters are designed with precision to fit the standardised holes of the circlips.
