

ROUND RATCHET SET IN METAL BOX - 29 PIECES 6 POINTS 1/4" Réf.: 0000983401

Characteristics

CLIQUET PREMIUM: quick locking and unlocking of the sockets by push button. Sockets or accessories do not separate from the ratchet. The angle of rotation of 5 ° (ratchet 72 teeth) ensures a very efficient recovery in small spaces. The ratchet heads have a small footprint to provide maximum accessibility. Round head: the change of the tightening direction is easily achieved with the thumb on the whole circumference of the head. Bimaterial comfortable handle designed to work in all positions: polypropylene for more resistance, elastomer for a good grip (grip). Body-handle connection of the ratchet studied to not interfere with the hand when shooting. **SLEEVES:** the removal of sharp angles from the squares increases their resistance and protects the nuts against matting. The handling of the sockets is made easy thanks to an external shoulder intended for the taking. Marking the dimension all around. Hexagonal sockets for powerful tightening.
