

ELECTRICIAN'S HAMMER - WOOD HANDLE Réf.: 0416160201

Caracteristics

Electrician's hammer: use for hard-to-reach areas. Flat face and long, thin pein. For electric conductors and wires. HIGH QUALITY: forged steel head. Hardened work surfaces. Anti-splinter chamfer, epoxy paint, shot blasting and grinding. SAFE: metal insert, epoxy paint. A red ring marks the hammer's wooden handle. Registered design. European ash handle: flexible mechanical behavior, contributing notably to the whip and the absorption of vibrations. Labeling: PEFC-certified (wood from sustainably managed forests). Pressed by a hydraulic machine, a force sensor measures on each product unitarily the power of fitting, then a pressure sensor controls the placement of the resin. Extraordinary high performance.
